CALL FOR PROPOSALS

The IAWA Center invites students of the SoA+D at Virginia Tech to honor IAWA founder Milka Bliznakov through research on women in architecture and related design fields. The IAWA preserves in Special Collections at Newman Library archival materials related to the work of women who shaped the designed environment, saving for posterity a record of their achievements. The IAWA encourages research conducted in the archive, that will help fill the current void in historical knowledge about women's professional achievements.

The Board of Advisors presents this Annual Prize of \$1000.

For a detailed call and schedule see *Student Digest* or visit: <http://archdesign.vt.edu/programs/iawa>

For list of collections visit: <http://spec.lib.vt.edu/IAWA/>
